#### LEGISLATIVE COUNSEL'S DIGEST

SB 22, Committee on Budget and Fiscal Review. Public financing.

(1) Under existing law, there is continuously appropriated without regard to fiscal years, from the General Fund for purposes relating to public finance, an amount that will equal the sum annually as will be necessary to pay all obligations, including principal, interest, fees, costs, indemnities, and all other amounts incurred by the state under or in connection with any credit enhancement or liquidity agreement entered into by the state.

This bill would make that provision applicable to specified costs related to bonds payable pursuant to an appropriation from the General Fund, and would prescribe the extent to which fees, costs, and other expenses may be incurred for that purpose.

(2) Existing law prescribes procedures for the issuance of registered and other specified warrants.

This bill would make the Controller the agent for sale for those specified warrants.

This bill would appropriate \$1,600,000 from the General Fund to the Controller for costs related to the issuance of revenue anticipation warrants in the 2002–03 fiscal year.

(3) This bill would declare that it is to take effect immediately as an urgency statute.

Appropriation: yes.
